ABOUT ME

Highly motivated and dedicated software developer with a strong focus on backend, frontend, and fullstack development. Specializing in Java and Spring Boot on the backend, with solid understanding of RESTful APIs and relational databases. Comfortable building responsive, user-friendly interfaces and delivering end-to-end solutions. A fast learner who works effectively both independently and within a team.

EDUCATION

Bachelor's Degree in Computer Science

Philadelphia University — Jordan

WORK EXPERIENCE

Full-Stack Trainee (Spring Boot & Frontend)

09/2025 – 02/2026

Adaptive TechSoft Co. (ATS) — Amman, Jordan

- Developed backend applications using Spring Boot, focusing on RESTful API design and implementation.
- Implemented data persistence using Spring Data JPA and Hibernate with MySQL databases.
- Applied Spring Security fundamentals for authentication and authorization.
- Designed SQL queries including CRUD operations, joins, and filtering.
- Gained hands-on frontend knowledge (HTML/CSS/JS) to support full-stack integration.
